

INNOVATIVE AUTOMATIZATION SOLUTIONS FOR YOUR CENTRAL STERILE SERVICES DEPARTMENT

Taking care of tomorrow's care.

■ Ready for the next step

Automating your Central Sterile Services Department with FOSKE is one step in the right direction for any future-oriented health care system. With our solution, we ensure an efficiency enhancement of up to 40% for the entire department. Purchase costs and supply costs of your medical instruments become more manageable, all while the quality of your Central Sterile Services Department increases.
